## Evangelism Workshops

June 20th - June 22nd we traveled to Detroit, Michigan to conduct an Evangelism Workshop. We had a good group of people that came out to Ferndale Assembly of God Church to participate in the workshop. On Friday I taught a 2 hour session and I finished the course with a 3 hour session Saturday morning. Then, after having pizza at the church for lunch, a group of us (including the pastor and youth pastor of the church) went out on the street to put into practice what was taught. We passed out a lot of Gospel tracts and prayed with 15 people to receive Jesus in their lives. The excitement the people of the church had in seeing people come to the Lord and learning how simple it can be to lead someone to Him is something we will never forget. I believe that God has great things for the city of Detroit and for Ferndale Assembly as they do their part.

Jeff teaching the Evangelism Workshop at Ferndale Assembly of God.

Every week for five weeks this summer I am also teaching our Evangelism Workshop to the new group of interns at the St. Louis Dream Center. It is a great opportunity to teach people from all over how to reach the lost for Christ.

If your church or ministry would be interested in having an Evangelism Workshop, please let us know.

## On-Going Ministry

I continue to be a route leader for the Friday night evangelism at the St. Louis Dream Center. Every week that we go out we pray and believe for divine appointments. The result is that anywhere from 20 to 60 people pray to give their lives to Christ. God is faithful to lead us to those who are hungry and ready. The Friday night evangelism has also been a good opportunity to train and teach people in evangelism.

Every week the Gospel is being preached to every continent of the world through our program, Finding Hope, which airs over all 6 of World Harvest Radio's shortwave stations. Because of shortwave radio people in places that are difficult or politically impossible to visit are able to hear the good news and be taught Biblical truths. Your support makes it possible.

Our radio program, Reaping the Harvest, also airs weekly in 5 cities of the United States. This program primarily teaches the body of Christ on evangelism as well as other principals that will help Christians in their walk with God.

Stepping Stones, our Bible correspondence course, continues to receive new requests for enrollment. There are also several people who will complete the 12 lesson course very soon.

*The harvest indeed is plenteous, but the laborers are few. Pray ye therefore the Lord of the harvest, that he send forth laborers into his harvest. Matthew 9:37-38*

## Up-Coming Outreaches

- Fair St. Louis which takes place during the Independence Day holiday. Because of the flooding of the Mississippi River the fair will not take place on the river walk this year. It has been moved to a park in downtown St. Louis and many people are expected to attend. Please pray that we will have favor and fruit during this outreach.
- Farm Progress Show, August 26th - 28th in Boone, Iowa with the Fellowship of Christian Farmers.
- Navajo Nation Fair in Window Rock, Arizona, September 3rd - 7th. This year we will go to Window Rock instead of Shiprock as we have done in years past because of a scheduling conflict. The fair in Window Rock lasts longer and is even bigger than Shiprock so we are looking forward to what God is going to do and the connections we will form in that area.

Please pray with us for the people that we will come in contact with at these outreaches. Your financial gift to help travel to them would also be greatly appreciated. Your prayers and support are a vital part of this ministry. Thank you and God bless you!

In Christ,

Jeff Goss
