Independence Day Outreach

On July 4th I passed out Gospel tracts at the St. Louis Arch during Fair St. Louis. There was an air show, concert and fireworks that drew several hundred thousand people to attend. I was able to pass out tracts and witness at La Clede's Landing, between downtown and the Arch and on the bridge over the Mississippi River that connects Missouri and Illinois. We had at least one soul get saved that day and also planted seed in many others.

Street Evangelism

God is doing something special in St. Louis. Every Friday night we go out on the streets of North St. Louis with a van full of people, sodas, water and Gospel tracts. We have seen as many as 100 people get saved in one night. The real amazing thing about it is how attentive, hungry and respectful people are. There was one man who I was inviting to come to the church we attend and I was telling him about the feeding program our church has. He kept telling me that he didn't care about free food he just wanted help spiritually. I believe we are seeing a start of a revival and a great harvest of souls being saved in St. Louis.

Great Bend, Kansas

Sunday, July 11th I spoke at Cornerstone Fellowship in Great Bend, Kansas. I have ministered at Cornerstone before but this time Dahn and Josh Eldridge of HighezPrays Ministries went with me. The people there, myself included, really enjoyed the anointed music of Dahn and Josh.

Four State Farm Show

On July 16th my son, Tommy, and I traveled to Pittsburg, Kansas to minister at the Four State Farm Show with the Fellowship of Christian Farmers. It was brutally hot there this year and it is an outdoor farm show. As we walked into the Farm Show, they would spray us with sun tan lotion and they also had big jugs of free water and even wet towels to keep us cool. Even though the crowds were down because of the heat and the economy Tommy and I still prayed with about 125 people to receive Christ.

An Answer to Prayer

In our past few newsletters we have had a special request for the funds for a new computer for our ministry. God has answered! A partner ordered a new Dell computer for us and had it shipped to us. The money we had already raised has helped us to get the software and equipment we needed to get it up and running. To those of you who have helped us and prayed for this blessing, Thank You!!!
